Published monthly. If proofs are required or copy is to be set, material must be received five days earlier than material due date. Cancellations accepted up to closing date only.
 • Note: Buyers' Guide deadlines are four weeks before issue advertising deadlines. The publisher of The FABRICATOR® reserves the right to amend this schedule if necessary.

Appearing in each issue:

Editor's Corner – Editor-in-Chief Dan Davis takes on the industry's issues.

BizTalk – Senior Editor Tim Heston provides up-close looks at today's successful fab shops.

Precision Matters – Fabricating expert Gerald Davis provides useful guidance for all shop managers.

Around Washington – D.C. insider Stephen Barlas follows the issues that can affect fabricators.

The Back Page – Assistant Editor Michael Bishop takes a look at the lighter side of fabricating.

Chief Concerns – Fabricating shop owners and management have to be knowledgeable of all aspects of running a business. This monthly section provides guidance to those leaders.

New coverage for 2010:

- **The FAB 50** is a listing of the 50 largest shops—as determined by 2009 sales revenue figures—involved in the fabrication of metal products.
- **Springback**, a column that will launch in *The FABRICATOR's* 40th year, looks back at stories from the magazine's archives and provides updates.
- **Commodity Insights** is a monthly interview with raw material industry observers who can provide perspective on long-term trends in availability and pricing.
