Dates subject to change

If proofs are required or copy is to be set, material must be received five days earlier than material due date. Cancellations accepted up to closing date only.
 • Note: Buyers' Guide deadlines are four weeks before issue advertising deadlines. The publisher of STAMPING Journal® reserves the right to amend this schedule if necessary.

Appearing in each issue:

Meet the Press – Editor Kate Bachman provokes thought and inspires dialogue about topical subject affecting the metal forming industry.

Die Science – Tool & die expert Art Hedrick writes tool and die advice and advocates respect for diemakers.

R&D Update – The researchers at the Center for Precision Forming chronicle today's cutting-edge research.

Automotive Intelligence – Bernard Swiecki of the Center for Automotive Research shares his insightful, research-backed commentary on the auto industry and suppliers.

Ask the Expert – Tom Vacca and Dennis Cattell lend their considerable expertise to answering questions that keep diemakers and stampers awake at night.

Tradeshows to remember:

FABTECH Mexico/Weldmex/METALFORM Mexico - Mexico City, May 11 - 13

FABTECH International/AWS Welding Show/METALFORM - Atlanta, November 2 - 4

New coverage for 2010:

The High-Strength Steel Issue in July/August tackles problems associated with forming the material that is giving today's stampers the most fits.

Look for stories on the medical, aerospace, renewable-energy, and furniture industry segments that are designed to help stampers find new business opportunities.

Product highlights on specific equipment areas provide the product coverage readers are looking for.
